

Summary of PPO Benefits

With your PPO, or Preferred Provider Organization, if you receive services from a provider who is in the PPO network, you'll receive the highest level of benefits. If you receive services from a provider who is not in the PPO network, you'll receive the lower level of benefits. In either case, you coordinate your own care. There is no requirement to select a Primary Care Physician (PCP) to coordinate your care. Below are specific benefit levels that apply during your benefit period.

Benefit	Network	Out-of-Network
Benefit Period ①	Calendar Year	
Deductible (per benefit period)		
Individual	None	\$250

For Providers in your area call 1-800-810-BLUE

- ① Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.
- ② Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy is covered.
- ③ State mandated benefits (30 inpatient days and 60 outpatient visits annually with the right to exchange inpatient days for outpatient visits on a one-for-two basis) may apply to a diagnosis of serious mental illness. Serious mental illnesses include: schizophrenia, schizo-affective disorder, major depressive disorder, bipolar disorder, obsessive compulsive disorder, panic disorder, anorexia nervosa, bulimia nervosa, delusional disorder. Once mental health limits are exhausted, both inpatient and outpatient serious mental illness services must be provided by a network provider (see above-referenced benefits for plan limits).
- ④ Member is required to contact Highmark Health Care Management Services prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related admission. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, the patient will be responsible for payment of any costs not covered.
- ⑤ The formulary is an extensive list of Food & Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. It includes products in every major therapeutic category. The formulary was developed by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. Your program includes coverage for both formulary and non-formulary drugs at the specific copayment or coinsurance amounts listed above.
- ⑥ The member is responsible for the payment differential when a generic drug is authorized by the physician and the patient elects to purchase a brand drug. The member payment is the price difference between the brand drug and generic drug in addition to the brand drug copayment or coinsurance amounts, which may apply.
