

Protest Gerdau's Illegal Lockout of the USW

Gerdaу is a Brazilian-owned company with a North American headquarters in Tampa. In May, the company began an illegal lockout of 270 members of USW Local 8586 in Beaumont, Texas.

A delegation of USW leaders, joined by trade union allies from Brazil, will deliver petitions of support calling for an immediate end to the lockout to Gerdaу's corporate offices.

Show your solidarity by joining the Steelworkers from 4 to 5:30 pm on Tuesday, August 9th at Gerdaу, 4221 West Boy Scout Blvd, Tampa.
